

## What we provide

The sessions are for children aged 3 – 11.  
The children are taken into class when school starts in the morning. At the end of the school day a member of staff collects the children from their class.

A wide range of age appropriate activities are provided for the children.

Our aim is to promote learning in activities whilst being fun and engaging! We also plan activities so every age is catered for. We use Early Years guidelines to ensure a broad range of learning and development opportunities are available.

We feel it is important to meet every child's needs: therefore we evaluate the activities on a regular basis to ensure that all children's likes and interests are taken into consideration.

## Food and drink

As our school promotes healthy eating, the children are offered a choice of nutritious food at breakfast and a snack in the afternoon. A copy of the menu is available at Breakfast and After School Club for your information.

If your child has any special dietary requirements please inform a member of our staff when completing the admissions form.

If you require any further information about the food we provide please ask a member of our staff.
