

**Dear children, parents and carers,**

**I hope you are all well. This pandemic has changed the lives of everyone in our community, country and the whole world. Luckily, things are going slowly back to normal and some of us are back at school. Unfortunately, you are not allowed to come back but it is my duty to prepare you for when you are allowed in September.**

**I am quite sure you are one of three things: really excited to come back; kind of nervous to come back or not at all excited and you just want to stay in bed like you have for the last one hundred days!**

**If you're nervous I can assure you, you have nothing to stress about. Not many drastic changes have been made. The major one is we have our own desks with our own packs of stationary. You will have two at a desk in September and you will all be facing forward. The lessons haven't really changed either. After every lesson you should wash your hands thoroughly to prevent the spread of germs. Starting at different times to other classes will be put into place as well.**

**At play time, we go out in bubbles but you will go out in groups of three. Year 1, 3 and 5 will go out and have the playground, field and ball court first, then years 2, 4 and 6 will go out after. At lunch, we go in our bubbles but you will just go in classes, not really a change. You stay in the dining room until the whole class is finished.**

**I wish you all the best of luck in your new school year, I'm sure it will be fun.**

**Kind regards, Brooke 😊**
