

Hi everyone,

Class 1 are missing you all. They've settled well into the new routine and are enjoying being back at school. Here are a few messages from them about what school might be like in September:

“You get to sit on a chair all of the time and have your own desk and tray. You don't have to sit on the carpet any more.” – Junior

“It's good to be back at school. You still get to go on the playground and we sit sensibly on our chairs.” – Noah

“Some days we go on the field, some days we go on the playground and some days we go in the ball court. We take it in turns with other classes. We don't go down the corridor to eat our dinner any more, we walk outside. We have our own trays with our own books and pencils in it.” – Leo

“It is super safe at school. We always wash our hands when we arrive at school, when we go out to

play and when we come back inside. We try to stay 2 metres apart.” – Olivia

“I love school because it’s super fun and I’ve enjoyed making things for my topic folder. We need to have water bottles but don’t need to bring anything else.” – Lainey

“We have to wash our hands for 20 seconds.” – Stanley

“We have lovely dinners in the dining hall and always stay in our bubble with our teachers.” – Eldon

“We walk into school from the outside and not down the corridors.” – Carly

“I love reading, I have my own book to read and I like listening to stories too.” – Kira

“I love school!” – Thomas

**“I’ve been doing lots of writing and I really like it.”
– Lilly**

“We all miss you and hope you come back to school soon.” - Everyone
