Friday 10th July 2020

Dear families

I hope that you are all safe and well. This week staff have really enjoyed talking to the children who are coming into their class in September and their parents; I hope you found it useful. If we missed you we will try again next week. Thank you to all the families who called in to collect Records of Achievement from the office. Any that we still have by the end of today will be posted out to families. Please remember that you can arrange a phone call with the class teacher if you would like to discuss anything about the report.

This week we have begun to put in place our plans for reopening for all children in September. The children will work and play together in their class bubbles and we will put in place steps to minimise any contacts between groups. These will include staggered start and finish times for different classes and staggered break and lunch times. Once all the details of how we will work are finalised I will put together a letter explaining these to you. The children who are currently in school will also be writing to the other children to explain what it is like following the new routines. I know that it will be strange for children returning to school after such a long break but the children who currently come in settled quickly and are enjoying being back and I'm sure the others will too. We are really looking forward to being able to have everyone in school, we have missed you all!

Latest Government Guidance for Parents

Follow this link to find the latest guidance for parents on reopening in September.

Learning at home and school this week

The children in school this week have enjoyed some activities that you might like to try at home. Class 6 have been writing their own Greek myths and creating characters of a beast and hero to be in them. They have also investigated different styles of Greek columns - The Doric, Ionic and Corinthian and made chalk sketches of them.

The key worker group have made their own board games this week, choosing a theme, making the game board and counters and then creating the rules. They have really enjoyed playing each other's games with Brooke's 'Granny Olympics' being one of the most popular!

In Class 1 the children have continued their woodland theme creating some more beautiful art work of different animals who live there. They have also read 'Where the Wild Things Are' and then used their imaginations to design their own wild thing!

We are so proud to hear that Leo in Class 2 has been awarded his bronze Chief Scout award which is the highest achievement possible in Beavers. Well done Leo!
