

Dear Children,

I hope you are all keeping well and happy. I know during this situation not all of us have been able to come back to school. Some of you might be nervous while some might be excited to come back. Well, I'm here to tell you everything that has changed and what we have to do.

Your teacher will have to pick you up at the gates or door and walk you round to your classroom. You have to wash your hands often like when you come in the class room, before you go out to play and when you come back in.

At the moment we have our own desks which is two metres apart. When you come back two people will sit at a desk. You will have your own pens, coloured pencils also a glue stick, ruler and a pencil sharpener. Your draw sits on your table with all your books in it. Your maths book, your handwriting book, your reading book and your literacy book. You are not allowed to bring anything into school from your house. You are only allowed to bring your water bottle. We still have PE, art and most of the other subjects.

At break time, you are not allowed to mix with other people who are not in your group. For instance, I am here today and my group was on the playground. Tomorrow we will be on the field.

At lunch time, all of your group will go for dinner at the same time. When you have finished you have to wait until everyone has finished so you all go out at the same time.

You will arrive at school and finish at different times than other groups. Before you go home, you have to wash your hands (Only one person in there at a time). Your teacher will walk you round to the gates for your parents to pick you up.

I know you will have a great time, best wishes

From Tia.
