## Friday 25<sup>th</sup> September 2020

Dear families,

Earlier in the year, during National Science Week, children across the school entered a competition called 'If you were an engineer what would you do?' For this, they thought about a problem we encounter in everyday life and designed a solution for it. This week the certificates have arrived with many children achieving a pass or merit for their ideas. We are very proud of Ethan (now in Y7), Eiden (Y6,) Scarlett (Y4) and Noah (Y1) who all gained a distinction for their work and have gone forward to the finals. Well done to them all.

Thank you to everyone for remembering to send the children to school wearing PE kits on their PE days. As the weather gets colder, it is fine for this to be plain, dark jogging bottoms or leggings and trainers rather than shorts and pumps.

Have a lovely weekend,  
Miss Stothard

### Home time Arrangements

Thank you to all our families for your support with dropping off and collecting your children at the allocated times for each class. The slightly earlier finishing times for classes 3 and 4 have worked really well this week so we will continue with these going forward. Class 4 will continue to finish school at 3.15pm and Class 3 at 3.20pm.

**Please remember to keep your children with you while you are on the school site. This helps to keep the class groups separate but is also for the children's safety as the buses dropping off and collecting children for Kelford School are still coming in to the car park.**

### What to do if your child has symptoms of Covid 19

If your child or someone in your house has any of the main Covid 19 symptoms:

- A high temperature
- A new, continuous cough
- Loss or change to their sense of taste or smell

you should ring the school to inform us but should not bring your child in to school. The person with symptoms should get a test and the whole household needs to self-isolate until you get the test result.

If you are worried about the symptoms or not sure what to do you can use the NHS 111 online coronavirus service:

<https://111.nhs.uk/covid-19/>

or call 119. We appreciate how hard it is to decide if symptoms are concerning but, like you, we can only follow the guidance given.

If your child needs to self-isolate as part of your family but isn't ill themselves we will provide work for them to do at home. This will be sent via email as you should not come into school while self-isolating. Please contact the school office if you have any problems accessing this.

Well done to the children who have received 'Believe and Achieve' certificates this week...

F2 –Harvey-Joe & Eddie Class 1- Ayaan & Chisimdi Class 2- Kira & Dexter  
Class 3 –Sakina & Radvin Class 4 – Corben & Kaydi-Jai Class 5 – Bing & Joel  
Class 6 – Jazmina & Sarah
