

Kimberworth Community Primary School Newsletter

Friday 27th November 2020

Dear Parents,

Around school this week I've seen such a variety of learning happening and children really enjoying what they are doing. There has been some lovely artwork; F2 children have created some great paintings of different vehicles as part of their transport theme and in Class 1 they have been sculpting clay models of penguins. I've also talked to children about lots of interesting science topics; in F1 they have been making bird feeders, in Class 4 the children are now experts on teeth and Class 6 have been thinking about the causes and impact of climate change. Every day, children come to see me because they are working so hard; this week I've had the pleasure of listening to great reading, looking at some fantastic writing and spelling and talking to children who have achieved really well in PE (all at a distance of course!) I'm so proud of seeing so many children doing their best.

Christmas is coming and we have sent a number of different dates for activities happening in school. Please remember to contact us if you do not want your child to be filmed as part of the Christmas performance that will be sent out.

Have a lovely weekend, Miss Stothard

Primary Engineer Programmes Competition Winner!

We are so proud of Ethan Parker, now in Y7 at Winterhill, who has won the 'If you were an engineer, what would you do?' competition. He entered this as part of science week when he was in Y6 at Kimberworth and his fantastic invention has been chosen as a winner in his category for the South Yorkshire region. His prize winning design will be on display in their virtual gallery from the end of the week and Ethan will be able to use his prize of Virtual Reality goggles to view it! If you would like to look at the designs, you can find them at

<https://leadersaward.com/2020-online-galleries/>

You'll find the work of our other children who gained a distinction there too. Well done Eiden, Scarlett and Noah!

Attendance

Class 2 had the highest attendance this week with 99.3%!

They will receive popcorn in class next week as their reward.

Covid Update

As you will know, when we come out of lockdown next week Rotherham will move to Tier 3 of restrictions. Because of this, we will keep in place all the measures that we have in school. This includes trying to keep the school site as quiet as possible.

Please help by collecting children at the correct time, using the one way system on site and leaving as soon as possible. We also continue to strongly advise that adults wear a face covering when on the school site.

Well done to the children who have received 'Believe and Achieve' certificates ...

F2- Mason & Umaizah Class 1- Oliver L & Noa Class 2- George & Mohammed

Class 3- Lilly-Mae & Safa Class 4- Yusuf & Mohammad

Class 5 – Breah & Abu

Class 6 – Charlie & Reece
